

Dear Sir/Madam,

Please find below the latest updates on life at Educ8 Liverpool. We are very proud of the progress that we have made over the last 18 months. We now have 2 independent schools as our Southport site passed the pre inspection in October. As a result our staff team has grown and is very strong in all areas.

Head of School

As we move further into the school year, I am filled with pride reflecting on the hard work that has shaped our school. Our learners continue to work hard and the dedicated staff team fully support each and everyone of them. This month, we've seen remarkable achievements in academics, and vocational studies, which remind us that our collective efforts create a vibrant and supportive environment for all.

Staff at both Liverpool and Southport schools offer support, advice and guidance to all learners to ensure they all have a smooth path going forward, whether that be Post 16 Pathways or supporting years 9 and 10s to progress into the next academic year.

Warm regards,

Debi Capper
Head of School

Future Plans

We continue to move forward and improve our facilities and the service we provide to our learners. We have submitted a planning application to build on our land at the back of our existing building. The plans include a new car park, 4g sports pitch and a new building where we will offer KS3 provision.

New appointments

Introducing Our New SENCO: Sian Moss

We are excited to welcome Sian as our new Special Educational Needs Coordinator (SENCO) at EDUC8. Sian brings a wealth of experience and a passion for supporting students with diverse learning needs.

With a background in Alternative Education, Sian is committed to ensuring that every child, regardless of their abilities, has the support and resources they need to thrive in their education.

As part of her role, Sian will work closely with staff, parents, and external agencies to develop individualised learning plans, provide targeted interventions, and ensure that our schools remain an inclusive environment for all students.

We are confident that Sian's expertise and dedication will have a positive impact on our school Community.

Vocational tutor at Educ8 Southport: Leanne Booth

I have worked in an educational setting for over 20 years. Most recently as Deputy Sendco for a high school in Southport, and have worked with many pupils with a variety of needs such as Asc, Adhd, Semh and physical disabilities. I have extensive experience in pastoral support, and I am one of the Designated Safeguarding leads for Educ8. I am qualified in Hairdressing, makeup, nails, tanning, waxing, hair extensions, and lash extensions. My new role is a mixture of things that I enjoy, such as working with pupils to reach their potential in the subject area, and also providing pastoral support and meeting the pupils' SEN needs.

Building improvements

Our pupils have been enjoying the new work space. They are currently researching design ideas for the walls in the new classroom.

Learner work Educ8 Liverpool

Hair and Beauty

This term we are working on unit HB11 Demonstrating makeup techniques. Our hair and beauty group have been practicing festival makeup.

Art & Design

When the City of Gold is covered in White

Mood Boards

Stiff Netting

Colour Palettes

Art & Design

Modelling Clay

Design Sketches

Painting

Popsicle Sticks, Glue Gun & Painting

BTEC - Unit AD6

Pearson BTEC

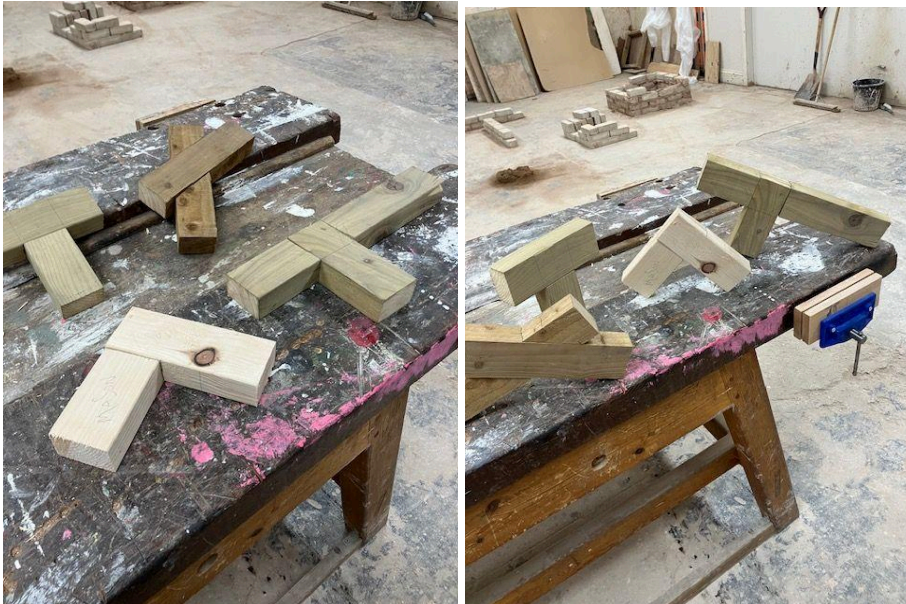

Learners designing and creating 3D art objects for their final assignment

Construction

This term in construction we have been working on CON 7 Making carpentry joints.

The pupils have researched different timbers that are available and how different timber is used for different purposes.

Functional Skills

The year 11 exam period is looming and learners are preparing revision notes, sitting practice exams and attending booster sessions. The functional skills programme includes a speaking and listening element and its been fantastic seeing the confidence in the learners grow as they practise their speeches ready for filming and assessment.

In literacy, learners have been reading in class and producing detailed analysis of characters. We used our World Book Day vouchers and have three new sets of books which the learners can read at break and lunch.

P.S.H.E

Learners developing their cooking skills and enjoying pancake Tuesday during PHSE

Applied Science

This term in our science lessons we have been working on a number of different experiments.

REACH Reward scheme

World Book Day tokens arrived and now Liverpool students have more exciting books for reading in their Literacy Lessons.

Trips

Visit to Anfield on 25th March for the students to do a presentation based on the project they have been working on since the beginning of the term.

Visitors

Another successful visit from the Army, talking to the learners about job opportunities attached to the Army.

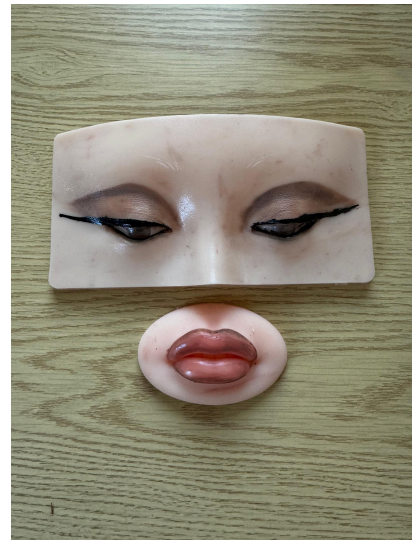

Jenna and Katie from the Rise Up team gave an interactive presentation to pupils at Educ8 Liverpool on alcohol and drugs in heavy use by teenagers in the local area. The program included a very special emphasis on Ketamine, but also included significant discussion of MDMA/ecstasy, cocaine cannabis and the effects of aerosols and gases such as nitric oxide. Jenna & Katie were keen to emphasize the confidential/non abstinence/nonjudgmental nature of their team in treating young adults for substance misuse without the fear of intervention by police. Pupils actively took the opportunity to ask questions and learn about how to access free treatment in their community.

Educ8 Southport provision

Hair and Beauty

Learner work for HB11

We have been working really hard on our makeup unit, and here is some of our learners work for far. We have been learning how to apply eyeshadows, eyeliner, lip products and lashes. Here is some of our learners' work so far.

PHSE

In PHSE we have been learning about the effects of drugs, alcohol and vaping and exploring media and gang influence.

If you haven't called in to say hello, please arrange a visit with Debi. Her email address is debi.capper@educ8group.com and phone number 07817 957459. We have limited places available if you would like to refer any learners.
